## \*\*\*\*\* ① THE STORY THUS FAR \*\*\*\*\*

Mikako attends the Yagawa Institute of Art (nicknamed Yagayaka). Her childhood friend, Tsutomu, also goes to the same school. Tsutomu cares very much for Mikako, but because he feels that there is a larger world outside of his relationship with her, he starts dating Body-ko to enlarge his social circle. However, when his friend Yuusuke says he wants to date Mikako, Tsutomu realizes that he really does like Mikako after all.

Body-ko also comes close with Tsutomu. Even though Body-ko tells Tsutomu she likes him, she can't forget her childhood sweetheart either. The two of them then break up and decide to give each other support and encouragement instead. Meanwhile, Mikako, who thinks that Tsutomu got dumped by Body-ko, still doesn't realize Tsutomu's feelings for her.

## LET'S GET STARTED!

In volume 1, I asked everyone to help me make Fushimi's parents' lives...

In the end, a lot of people sent me fantastic letters about me!

Everyone took the time to read them (smile)

Fushimi's father never came out, but came in the scene from the reactor with, "Wow, you have more hair!" (smile)

The fastest that the readers sent along with the same name:

**Yoshi!**

Under relaxing and happy circumstances, I finally posted them out. Fushimi's father and mother, are you ready?

Okay!

Though I am not sure if their names will appear in my future work or not.

Why did I ask the readers to come up with their names?

I have many, too many tries, and I'm not able to describe them all. Like every single notebook just suddenly I have a lot of the same coloring books (laughs). Even though it might be a little childish, I hope that nobody can play around with it now. Not only that, it reminds you of your childhood. I had a lot of it when I was a long time since the last time you did it. You had said you were not going to buy it for the children, but really there was a man who was playing with it (giggles). Another time that I found a great up the house "Dinosaur's Agenda Book." It can help with sleeping and there's some really great educational pictures. I really like it. I can't really explain it, but it's really fun. — Hope everyone can see it. — This is the one that I really want to recommend. —

YOU LATE  
TALPORA LIKE!

Right now, I'm temporarily putting aside "Please help find" and start "Let rabbit answer you." I received many letters from readers. I'm so happy! Also before that, I have to say first P.M. of Kawaiiya wrote (the postman is really cool)

"If I participate in the contest every week, would I get a gift?"

Honestly, I've been thinking about this for a really long time too, but I still haven't figured it out. Even if there's a gift, and if the readers send me more letters, then how can I going to collect all of it in my store? I hope to receive a letter from a reader saying "Here's a gift. I will still mail letters." (laughs)

I really do have a lot of gifts that I want to give to readers.

(I can think about it a little more!)

WOW! YOU'RE JUST BEING FUNNY!

Maybe but you keep attacking me without any reason. So I really don't know what the deal is.

Wait!

The anime is already out in videotapes, for all the people who missed it, don't miss this one too!

What factors are contributing toward this decline, Yanoaka says? "I think it's mostly the fact that people are not eating as much rice as they used to," he explains.

I like Masanobu's current Penicillium but Jiro's Aspergillus is still my favorite.

Because it was actually held in Taylor and John's house

I was really grateful to those readers who attended the conference —

I was so happy. Really!!

My eyes are getting watery.

Yes, I was wearing a ring at the conference because I was a professional. Don't worry, I was working. I still wear a ring. Really, I think I collect all sorts of things and kinds of things. I don't even know what my real hair style is.

Thanks for writing to me!!

I am such a lucky person.

I chose according to my own taste, so it should be right.

I want to know it!

*Oh, you're interested in the character's fanart?*  
huh?

... I liked all the readers' comments, sorry. (Smile.) It's because I wanted everybody to get along with that message. (That message is "huh?")

It's just a joke. (Smile.)

Almost everything's done! I don't have to be of characters from the manga, anything that has something to do with "Gangneung Manga" is fine. In production or not, all are good. (Smile.)

IT DOESN'T MAKE SENSE TO LET SOMEONE OUTSIDE OF AKINDO TO HELP!

I DON'T THINK THAT THERE IS A NEED FOR SIGNS?

MAKE SENSE? IT RUNS OUT OF HER GOOD INTENTIONS. NOW CAN YOU SAY THAT?

YES, BUT AND BODY-KO ARE FREE RIGHT? ASK THEM TO DO IT!

**CD corner**

The drama and music CD in the Gekkyo series is really fantastic! You'd think all those enthusiastic people are a bit annoying, but I love it. I really think it's beautiful. I want to tell it to the four wonder! (Giggles) I often regard myself as about the volume of a group of cats. I recommend you look for them on your favourite shops. ♪ Their titles are "Gekkyo Communication CD."

On the right you can see the first cd cover. The illustrations were drawn by one of the main characters of the comic but it's not close to my favourite. If you could say that I drew it myself! The songs for Akahito Marmalade boys. It was amazingly correct. Their Animateurs are really good.

# Feedback

It's really the typical "corner" being given as an opportunity to do the manga. Therefore, the more pleasant "my corner" has been about its function, or maybe I'm the only one to think so? (Giggled) Anyway, I'll be repeating a lot of details on this subject. Should we call it "my corner", or even all those under its name?

Don't forget to put on the card-th name of the corner you are returning to and to include the Source aspect saying "oh". It's a such a great aspect that I'd like to publish volumes with all the Source saying "oh" from all your cards. If the publisher won't let us do that then I'll have to wait for your forgiveness in advance. It's bad. Of course you can still send in different kinds of cards, not related to the "corner" problem. For example you can write "I want a new corner with this card-th", or "Stop! We already know the information you gave us on the last volume", or "I want to present in exchange of this card". In-ha! Well, you can send anything that comes into your head.

I'll be waiting! ♪
